## AMERICAN RED CROSS TO SEND AID.

The American Red Cross will at once charter a steamship to be fitted as a Red Cross hospital ship and sent to Europe to assist in war relief work. The ship will carry hospital units consisting each of three Red Cross physicians and twelve nurses. These units will be assigned to the several countries engaged in war as circumstances may direct. This ship sailing under the Red Cross flag, will be under the protection of the treaties of Geneva and The Hague, and can enter any harbor for the discharge of its beneficent duty. The Red Cross ship will be painted white with a red band around the hull and red crosses on the stacks. It will fly the Red Cross flag and also the flag of the country in whose waters it may be.

During the war with Spain thousands of dollars were sent by the European Red Cross societies to the American Red Cross to aid in the care of our sick and wounded soldiers. Now in the hour of their supreme need the American Red Cross, both for the sake of humanity and to express our gratitude for their aid to us in the time of trouble and distress, has decided to help each country involved.

The American Red Cross is appealing to all our people, to the Governors of States, to Mayors of cities, to Chambers of Commerce, lodges, churches, associations and individuals for contributions to carry on this work. Contributions may be sent to the American Red Cross, Washington, D. C., and they will be sent to relieve the agony of suffering men, in the true spirit of the Red Cross represented by its motto, "Neutrality-Humanity."

## MASONIC BARBECUE SATURDAY.

The Masons all over the country are making plans to attend the Masonic barbecue at Irvington Saturday of this week. During the last fourteen years the people of Irvington have been coming to Cloverport to our barbecue, and this year the Masons and their friends of this city, shall be glad to return the visits and show them gratitude of their co-operation in the past.

Dame Fashion is the first victim of the war. She lies stark and dead, with the little sewing girls, the mannequins and the lovers of pretty clothes weeping while she rests in state behind the drawn curtains of the great Parisian dressmakers. The French designers and cutters have laid down their chalk and scissors and are now seasoned soldiers. Will the American designers be able to rise to the emergency, and will our women be satisfied with home-made styles?

Take particular pains to be pleasant to the visitors in your midst. Go out of your way to speak to them, give them a cordial welcome and make them feel they are wanted, and you will find yourself enjoying their visit as much as they are themselves.

A great deal of sympathy has been expressed for Mr. Wilson among our people. His deep bereavement in the loss of his devoted helpmate has caused a sorrow as sincere as though we knew the President personally.

Ben Johnson's majority will be about 7,500 in the district. Col. Ben is a good runner and a good stayer on his job. He never left his post during the primary only to come home to vote.

The barbecue next Saturday at Irvington and the Fair next week at Hardinsburg. Meet Mr. Barbage at both places. He likes to shake hands and meet his friends like other people.

Judge J. R. Layman is prosperous under Democratic rule. He is saving money and buying more land. We hear of Judge Layman's farm methods quoted quite often.

When Col. Percy Haly and Bob Phillips get behind a man they generally pull him through. They are men that never lay down or sleep on their job.

It will break Vic Robertson's heart if the Fair isn't a success next week. Let everybody go and save that great big heart of his.

The Stanley men are falling into line beautifully. Beckham will carry the State 25,000 to 30,000.

This glorious rain brings great relief to us all and everybody is thankful for it.

Wait! COMING Wait!
